Assistant Commissioner for Patents Office of Patent Legal Administration	TYPED OR PRINTED NAME: Angela P. Davis  SIGNATURE: RECEIVED

Applicant respectfully petitions for a filing date of January 3, 2002, for the above-identified patent application. This Petition is being filed in response to a Notice of Incomplete Application (copy enclosed as Exhibit "C") dated February 4, 2002, which failed to grant a filing date to the application. According to the Notice, Figs. 1-4 (copies attached as Exhibit "D") were omitted from

It is respectfully submitted that the Notice of Incomplete Application was issued in error because the application was a complete application as filed under 37 C.F.R. § 1.53(b). In support of this Petition, it is submitted that: (1) Figs. 1-4 were originally deposited with the rest of the application on January 3, 2002, as evidenced by a stamped postcard receipt attached hereto as Exhibit "A" (a copy of the postcard receipt before it was stamped is attached as Exhibit "B" to clearly show the number of pages in the Specification and Claims) and (2) the application was complete as

filed even without Figs. 1-4 and Applicant should be permitted to submit Figs. 1-4 after January 3, 2002, that do not introduce new matter into the application. Each of these bases for being accorded the January 3, 2002, filing date is discussed in more detail below.

### I. Figs. 1-4 Were Submitted on January 3, 2002.

It is respectfully submitted that Figs. 1-4 were enclosed with the original application deposited by Express Mail with the U.S. Patent and Trademark Office (PTO) on January 3, 2002. The postcard receipt (stamped copy enclosed as Exhibit "A" and unstamped copy as Exhibit "B") for the application clearly shows that 3 sheets of drawings were included with the application at the time of deposit with the PTO. Furthermore, the postcard receipt is date-stamped January 3, 2002, by the PTO evidencing that 3 sheets of drawings were received by the PTO on the date of deposit. Applicant's file copy of the application, which includes Figs. 1-4, is a copy made from the original of the application that was submitted to the PTO on January 3, 2002. The Utility Patent Application Transmittal further shows that 3 sheets of informal drawings were submitted as part of the application as filed. Accordingly, the submitted application must also have included Figs. 1-4.

The date-stamped postcard does not contain any notation by the PTO indicating that less than all 3 sheets of the drawings were received. If a sheet had been missing, then such a notation would have been made by the PTO as required by M.P.E.P. § 503. The date-stamped postcard is, therefore, prima facie evidence that 3 sheets of drawings were received by the PTO with the original deposit of the application on January 3, 2002. Accordingly, the original application was complete and should be accorded a filing date of January 3, 2002, pursuant to 37 C.F.R. § 1.53(b).

## II. The Application Was Complete on January 3, 2002, Even Without Figs. 1-4.

Pursuant to 37 C.F.R. § 1.118(a), an applicant for a patent can amend one part of the disclosure of the application after the filing date to conform to another part of the disclosure without the Amendment being considered new matter. Pages 5-7 discuss Fig. 1 (a block diagram showing a typical hardware implementation of the present invention); pages 7-8 discuss Figs. 2-3 (diagrams depicting relational aspects of voice commands according to the present invention); and pages 8-12 discuss Fig. 4 (a flow chart depicting operation of the voice agent according to the present invention). Accordingly, in the event that the Patent Office concludes that the application omitted Figs. 1-4 when filed (which it did not), Applicant should be granted the opportunity to submit Figs. 1-4 that do not introduce new matter to the application but simply restate what is already disclosed in pages 5-12 and the remaining portions of the Specification.

# III. Even If the Application Is Not Entitled to a January 3, 2002 Filing Date, the Application Is Entitled to the Date of Express Mailing of this Petition.

Applicant has attached hereto as Exhibit "D" copies of Figs. 1-4 (which were submitted not only with the application when filed but also in a Submission of Formal Drawings, mailed on January 31, 2002) and a Supplemental Declaration and Power of Attorney. As set forth in the Notice of Incomplete Non-Provisional Application, the filing date of the application would be the date of receipt of these items. Accordingly, in the event that the Petition is not granted, the application should receive the express mailing date of this Petition.

Atty. Docket No. 4366-47 Avaya Ref. No. 401024-A-01-US

Based on the foregoing, it is respectfully submitted that the application should be accorded a filing date of January 3, 2002, the date on which a complete application, including Figs. 1-4, was deposited with the PTO. A check in the amount of \$130.00 is enclosed for the petition fee under 37 C.F.R. § 1.17(i). However, because the application was complete as originally deposited on January 3, 2002, a refund of the \$130.00 fee is respectfully requested. No additional fees are believed to be due with this communication. If any such fees are due, however, then please charge such fees to Deposit Account No. 19-1970.

Respectfully submitted,
